

#### BRIEF

She strikes a coherent balance between academic-administrative laces of coordinating academic programmes under the School of Education of the University. She has been engaged in higher education for the last 14 years with more than 50 national and international publications (in authored book, edited volumes, book chapters, reputed peer-reviewed Journals, Newsletter etc.). She is avidly connected to research projects and keen in developing and facilitating digital pedagogy (CC: SWAYAM MOOCs). She has achieved success in inducing solidarity among heterogeneity, synchronizing multiplicity, reinforcing collaboration, and triggering the feeling of equity, empathy, and belongingness among diverse learners. Her insatiable craving for harnessing innovation in teaching- learning dynamics inspires her in carrying out the unflagging mission of creating sustainable curriculum and pedagogy with outcome orientation.
